THIS IS UNEVALUATED INFORMATION

25X1

1. [redacted] Location of the 25X1
 Vyskov Airfield.

1. Highway: Vyskov N 49-17, E 17-007 to Prostějov N 49-28, E 17-077, concrete, two lane, five to six meters wide.

2. Vyskov Airfield.

3. Railroad: Vyskov to Prostějov, single track, normal Czechoslovak gauge.

2. Airfield information:

The Vyskov Airfield was located three kilometers northeast of Vyskov, adjacent and east of the highway (Pt. #1, Encl. #1) and two kilometers north of railroad (Pt. #3, Encl. #1).

The airfield was 800 m. long northeast to southwest, 500-600 m. southeast to northwest, had an irregular rectangular shape, and was 280 m. above sea level. It was grass surfaced with natural drainage.

[redacted] ruins of hangars near highway with aprons (construction unknown) in front of the old hangar.

25X1

25X1

[redacted] Doslet gliders (type unrecalled) flying around the vicinity of the airfield in the Fall of 1952. No aircraft were observed on the airfield. [redacted] controlled by civilians
